Scottish Trade Commissioner Visits Strathmore

With a view to the development of more trade between Canada and Britain, investigations are being made by British trade associations to discover Canada's needs, and how they can best be served.

One of the envoys on this matter, Mr. James Cuthbertson, representing the Glasgow Chamber of Commerce and the British Empire Exposition Development Committee, has been in Canada for the last two months, and visited Strathmore on Tuesday.

Before leaving Strathmore he was conferred an invitation to address local groups on the objects of his visit, this being extended by Strathmore Board of Trade.

The meeting was held on Thursday evening in the Memorial Hall, and was fairly well attended, considering the shortness of time available.

Dr. A. W. Givens, President of the Board of Trade, presided, supported by Mr. R. S. Stockton.

After a short talk by Dr. Givens on the objects of the Board of Trade, and a brief presentation of existing conditions in the Irrigation Block by Mr. C. P. R. Irrigation Block, another column, Mr. Cuthbertson gave a twenty minute talk dealing with existing conditions and trade problems.

The British Empire Exposition. In opening, Mr. Robertson said that one main object of the British Empire Exposition was to make each different part of the Empire realize what the others were doing. The Exposition would be held in London, 1925, and would last for six months.

Glasgow had made a big contribution to the Exposition and was invited to nominate a representative to travel abroad investigating into trade possibilities of markets for Scottish goods and the buying of raw materials from their home population. Glasgow did a big business with Canada. It was the nearest cross-Atlantic port to Canada, and therefore the Glasgow people had selected the speaker and sent him out here.

Present Trade Conditions. Since coming to Canada he had heard a lot about their difficulties here, and he would like them to consider conditions as they existed in the Old Land. In 1920 prices were going upwards, but since that year there had been a very considerable drop.

In Britain at present there were approximately a million and a half people out of employment, and that was affecting the demand for Canadian produce, grain, cattle, etc. The number of unemployed was making as trade was improving, but they were still too numerous. It was practically impossible to do business on the contract of Europe at the present time.

Why The States Got The Business. One of the objects of his visit had been to find out why the States were getting a large proportion of Canada's business.

During the war of course, Britain was unable to hold this market. Canada was selling to Britain four and-a-half times as much as she bought from Britain. This was too uneven a state of affairs to continue.

A One-Sided Exchange. The situation at present was that Canada was selling to Britain four and-a-half times as much as she bought from Britain. This was too uneven a state of affairs to continue.

Money Available for Investment. Money was plentiful in Britain at present, and the bank rate was 3 per cent. A lot of British capital had been

McKinley Cameron Defends Local Farmer

Interesting Case Tried in Strathmore

A somewhat unusual case was tried at Strathmore on Monday. Before Justice E. W. R. Lambert, John H. Hiltz, a farm hand, laid a charge against L. O. Wheeler, farmer, of operating a car for hire without a chauffeur's license. It appeared from the evidence that Wheeler had driven Hiltz and his wife to Calgary, and had deducted \$10 from Hiltz's wages for so doing.

The defence by Mr. McKinley Cameron, the well-known Calgary lawyer, was that Wheeler was not in the habit of carrying passengers for payment, and that plaintiff had not made a complaint at the time.

The case was dismissed with costs against plaintiff.

Memorial Service

On Sunday afternoon a Memorial Service was held in Strathmore Cemetery at the graveside of John Hiltz, McKinley, son of Mr. and Mrs. W. McKinley. The burial took place on September 11, but owing to the family being quarantined for diphtheria they could not attend then.

The attendance on Sunday was large many being present from the Tudor and Kootenay districts. The service was fittingly rendered by Rev. John Garden, of Tudor.

Numerous flowers and wreaths were placed on the grave and the whole ceremony was a tribute to the esteem in which the boy, who was only six and-a-half years of age, was held by the people of the district.

Hockey Dance Success

The dance held by the Strathmore Hockey Club in the Memorial Hall on Friday evening, was very successful, both in attendance and enjoyment.

An exceptionally large number were present from the city, some coming as far as Calgary. Music was supplied by Hiltz's Orchestra, who proved that the local talent is at least as good as that sometimes imported.

Supper was served in the dining room at midnight.

We understand that the club will benefit as a result of the dance to the extent of \$80, after paying expenses.

A Solomonic Decision

Two Cheadle boys were taken before Justice Lambert and Martin on Friday, charged with breaking into The Cheadle Garage, and stealing a number of bottles of olive drake.

They were found guilty, and charged the costs of the court, and in addition were placed under probation for six months, to report to Rev. John Hiltz, Strathmore School, each Sunday commencing October 22nd.

Two Cheadle boys were taken before Justice Lambert and Martin on Friday, charged with breaking into The Cheadle Garage, and stealing a number of bottles of olive drake.

They were found guilty, and charged the costs of the court, and in addition were placed under probation for six months, to report to Rev. John Hiltz, Strathmore School, each Sunday commencing October 22nd.

Following Mr. Cuthbertson's address remarks were made by Mr. John McKenzie and Rev. A. D. Currie, and a hearty vote of thanks was passed to Mr. Cuthbertson.

Radiophone Talks From Calgary to Strathmore

Last night members of Strathmore Board of Trade were treated to a novelty in the shape of addresses from Mayor Adams and several prominent Calgaryans, followed by a concert, also over the wires.

Being so close to press time, we are not able to give details in this issue, but a description of the evening's proceedings will appear in our next issue.

Golf Tournament Closes

Golf is taking a strong hold locally and for the past two months the links north of town have been much frequented, especially during the week end.

A foursome competition has been in progress for the past three weeks, and is now concluded. Messrs. A. Fitch and Joe Van Tishem being the winners. Their score for the 18 holes was 119, which is a very creditable score considering that the links and greens are still in a rudimentary state, and that there are many difficult lays.

The links are being gradually improved, and by next year the course should be quite close to standard.

COMING EVENTS

Recall One-Cent Sale at Strathmore, October 12, 13, 14. See large ad.

October 22nd is the date of the big "VALLEYVILLE SHOW AND DANCE" at the Memorial Hall, Strathmore.

Rev. C. H. Huestis, M. A., D. D., will give an address in the Union Church on Thursday evening, October 12th at 8:30 o'clock, on the subject "Making a new world; a talk about the coming age." Everyone is invited.

Rev. C. H. Huestis, M. A., D. D., will give an address in the Union Church on Thursday evening, October 12th at 8:30 o'clock, on the subject "Making a new world; a talk about the coming age." Everyone is invited.

Rev. John H. Garden, of Tudor, will be the preacher on the Nightingale Circuit on Sunday, October 15th. Subject, "The Lord's Supper" will be administered at each appointment, at all baptismal services where desired.

Miss Mavis Yorkie proposes holding dancing classes at Strathmore during the winter if sufficient pupils come forward and will be at the ODDFELLOWS' HALL, STRATHMORE, ON SATURDAY, OCTOBER 14, at the following hours:

For Adults, 2:30 p.m. to 11:10 p.m. Adults, 7:00 p.m.

KEOMA ITEMS

Threshing is nearly finished in this district. Yesterday's test run of a large combine was expected to average 20 to 22 bushels to the acre, with the exception of a few farms (the south-east, where the rainfall was heavier). These cases crop went 25 to 30 bushels. Irrigated crops yielded from 20 to 25 bushels to the acre throughout the district.

G. F. Ranky was the first to start seedling, first to start threshing and the first to finish threshing. He also has a new silo well filled with sunflowers.

A number of farmers have tried to combine this year with great success and Keoma promises to take the lead in dairying in the near future.

Mr. S. R. Alsop has rented a house on land near at Arden, and will move there in the spring.

The elevator at Keoma is almost full of grain. If cars do not come the situation will be rather inconvenient for the farmers. There has been a bout 2600 bushels a day going into the elevator.

Mr. T. Hill is teaching school at present and she seems to be quite popular.

Threshing Will Be Completed Next Week

Given continued favorable weather, threshing will be completed sometime next week, with the exception of late crops. Some of the big outfits have already completed their runs, and put in, but around Strathmore, where there is a number of small farms, a considerable amount of work remains to be done.

Threshing was interrupted for several days last week by rain, but recommenced on Monday.

The exceptionally fine fall weather has been a big help to farm operations. There has been no severe frost yet and much plowing is being done. Several additional wheat yields are reported this week. J. A. Cannan, on 230 bushels wheat, averaged 27 bushels per acre, and irrigated. John McKinley, 10 miles south of Strathmore, averaged 20 bushels per acre, irrigated. The final return of a 190-acre field of Kinross, north-west of Strathmore, was 12 bushels per acre, irrigated.

A very good dry land yield was secured by Mr. Huestis, Carlsland, who averaged 20 bushels wheat per acre on spring plowing and summer fallowing.

Elevators throughout the Western Section are taking in large quantities of grain daily. Some further crop reports will be found in our district notes.

CHEADLE NOTES

Mr. J. M. Orr, of Calgary, visited for a couple of days at his brother-in-law's, Mr. E. Craig's, and Mrs. Stone's.

Mr. McLean left Sunday for the east after a month's stay.

Grain has been rolling into the elevators steadily for the last two weeks and threshing would have been finished only for the rain. About another week will see the finish.

Torgimston & Ericksons crop was a good one. Wheat went 28 bushels and oats 42 bushels per acre. This all on dry farming.

Walter Miner's wheat averaged all over stubble and summer fallow 28 bushels on dry farming.

There is some irrigated land about here which will beat the above for yield but the wheat is not in it for looks or sample.

NAMAKA NEWS

Mr. Geo. Lane paid a visit to his farm and ranch here last week.

Mr. Franklin shipped several high class running stock, which are being shunted on the Gen. Lane Ranch.

We regret to announce that Mr. Oscar Seabloom has closed up his garage in this city. He anticipates making a trip to the U. S. A. in the near future.

Things are brightening up in this district. The C. P. R. paint gang were here during the past week, when they painted the depot and section house, which is a decided improvement.

Mr. Derry of Strathmore, brother of Mrs. A. Young, was on a short visit last week.

The arrival of the H. B. Armitage Lumber Company, was visiting Mr. Peters, carpenter, on Monday.

Mr. Suffield and family, of Cheltenham, Mr. E. Atkins and family, were guests of Mr. and Mrs. W. J. McKinnon on Sunday.

Mr. O. Wheeler, Mr. H. Esper and Mr. W. Colney were visitors to Calgary this week.

Mr. and Mrs. Laurie motored to Calgary last Saturday.

It is rumored some of the boys were out goose hunting on Monday morning. There are still one or two flying around here.

Possibilities of Western Section

Additional Settlers Required to Develop Land Properly. Some Interesting Figures on Wealth of District

On Thursday evening, at a public meeting called at the instance of Strathmore Board of Trade, in Memorial Hall, Mr. R. S. Stockton, Superintendent of Irrigation for the Western Section, C. P. R. Irrigation Block, presented a number of very interesting figures regarding the present standing of the Western Section, and the possibilities for the future.

Mr. Stockton's address was primarily for the purpose of supplying Mr. James Cuthbertson, representing Glasgow Chamber of Commerce, with information, but many of the facts presented were new to most of the audience.

Large Expenditures in This District

In opening, Mr. Stockton said that many of those present might not realize the importance of the expenditures made yearly by the Company in Strathmore and district.

A permanent staff of thirty were employed, and many of the facts presented were new to most of the audience.

This did not include the men employed on the C. P. R. Demonstration Farm, and other departments of the Company located in Strathmore.

1,000,000 Acres in Section

The Western Section formed one-third of the Irrigation Block, set aside by the Government to the C. P. R. The Western Section was the first to be developed. Each of the sections comprised about 1,000,000 acres, and the Western Section had 218,000 acres, or 21.8 per cent of the total.

600,000 acres of land in the Western Section was under cultivation. 875 farmers were on irrigable farm units, and it was to them that water service that the staff were quartered in Strathmore.

More Settlers Required

One of the most important things required was additional settlers. There should be at least 1,600 settlers to utilize the irrigable land in the Western Section properly.

Irrigation farming lent itself to farming in small units. On dry farms large units were essential to success.

Too extensive ownership of land was delaying the irrigation project. The returns from irrigated land should be much greater than from dry farms, and would be when the land was properly used.

Use of Irrigation Increasing

This year more land had been under irrigation in the Western Section than in any former year. There would be almost 40,000 acres irrigated this year. Nine per cent of the water supplied had been for grain. When properly developed the proportion should be about 50 per cent.

Presently irrigated land was giving yields of wheat from 25 to 50 bushels per acre, while the dry land was giving yields of from 10 to 20 bushels.

The average production of wheat on dry land throughout the section was 20 bushels per acre.

The first water supplied to settlers around Strathmore was in 1907, the main canals having been completed in 1908.

Present Market Conditions

Conditions at present were unfavorable in that prices for farm products were very low. The following figures would show the drop within the past two years. In 1920, a year of average production for the Western Section, the value of farm products marketed

was \$5,000,000. In 1921 with slightly smaller average production, the value was \$4,422,000. This constitutes one of the farmer's main difficulties.

It would be necessary to decrease production costs, and this could be done by more crop production per acre.

Value of Improvements, Etc.

The value of buildings, fences, etc., on land having a water right, throughout the Western Section, was \$1,424,000. The value of farm equipment was \$1,576,000. The value of live-stock in 1921 was \$1,617,000. This gave a total value of \$5,217,000 for farms with water right.

Good Railway Facilities

There were twenty-five shipping points within the Western Section. No farmer was more than ten miles from a railway, so that they were very favorably situated for marketing.

In the Western Section

There were 562 miles of main canal and about 300 miles of distributary ditches carrying water.

Settlers, Markets and Manufacturers

We were just at the beginning of the proper development of this country, and they needed settlers, markets and manufacturers.

We would not grow properly unless we grew both agriculturally and industrially.

We could increase production by we marketing our products in such a way that the amount raised would not affect the world market, so that our prosperity depended on greater per acre production.

The success of the irrigation project lay in growing food. It would be a long time in developing but those taking that line were going in the right direction.

In Montana, 400,000 acres of irrigated land was sufficient for the average farmer, and conditions here approximated those in Montana.

Less Land And Better Farming

Less land and better farming would be the solution of some of our greatest difficulties.

This applied also to the dry farmer, and there was every opportunity for success in the Western Section for dry farming, provided the proper methods were applied.

Strathmore's Possibilities. Strathmore was very well located to become the centre of the Western Section. In addition to the irrigation department they had the Supply Farm, and a commercial chicken plant which was one of the best in Western Canada.

Strathmore had some unusually good stores and other business facilities. Their roads were not all that they should be, but he hoped that the people and farmers would work together to improve them.

Applause followed the conclusion of Mr. Stockton's interesting and informative address.

CARLSLAND NOTES

The dance announced in last week's items was postponed to October 12th, the Carlsland Consolidated School House, Friday, October 13th. Come and help give the young people of the district a skating rink.

The P. B. Club met at the home of Mrs. Crumby on Thursday, October 12th, and after other interesting business in the forenoon the attendees were quite large and a social time was enjoyed. Mrs. Moore and Mrs. Christensen served lunch.

What might have proved a very serious matter began to threaten. It took some hard fighting to stop it.

IRRICANA NEWS

Mr. Eddie Hiltgrave is improving his farm by installing a chopping outfit. He has also built a fine tight board corral.

The Provincial Government has shipped a carload of piles for bridge building.

Miss Hilda Wilson who has been visiting her parents, Mr. and Mrs. L. Wilson, for the last two months, has come to Edmonton to resume her studies.

Mr. Archibald, of the Crown Lumber Co. has moved his furniture from Calgary to Irricana and will occupy Mr. Wilson's house. Mrs. Archibald is expected to arrive shortly.

The infant son of Mr. and Mrs. Stan Vance has been very ill and we are pleased to report that he is improving.

A large number of young people and a few of the older people who still retain their faith between sections of Mr. A. C. Scrat's on Wednesday evening last to bid farewell to Mr. Scrat's daughter, Miss Velma, who left on Saturday on her probationary period at the General Hospital, Calgary. The evening was spent in playing games until a late hour, when lunch was served. When sandwiches were passed a special sandwich containing a sum of money was handed Miss Scrat by Mr. McNamee. This was in deed a great surprise to Velma and in a very able manner she thanked her friends for their token of kindness.

The C. P. R. Irrigation department have removed their ditch from the survey trail between sections 46 and 57-26 west of 10th, and this road is being put in condition and will be made possible at an early date. This will be a great convenience as it will give an alternate route to Calgary and the south districts. The new road will permit of travel south and west escaping the coulees.

The farmers, are congratulating their municipal representative on the low rate of taxation.

Miss Annie Marshall of Banff is visiting her parents, Mr. and Mrs. Wm. Marshall.

Mr. Bichie, the provincial highway inspector, was through this district a few days ago on a tour of inspection.

Mr. Fred Burns has gone to Chin where he has a position with a grain company.

Mr. Wm. Elliott, our local driver, shipped two carloads of cattle, sheep, and pigs to Calgary this week.

The wheat in this district did not turn out as well as was expected. The average being about 12 bushels.

Mr. Jack Pridmore who moved from this locality last spring, we understand had a good crop of wheat turning out 24 bushels to the acre. His many friends wish to congratulate him on his success.

The Sunday services being carried on at the Bruce Lake School have been fairly well attended but there is room for more.

The church of the Brethren are holding an all-day Harvest Home service and dinner.

Mr. McNamee is contemplating building a large barn this fall.

Mr. Wm. Galloway, official administrator for two municipal districts in the vicinity of Sunnyside, reports conditions improving in that locality with abundance of moisture, which should insure a crop for next year.

A golf club has been organized by Mr. Howlett and the vacant quarry at the townsite opposite the Cloverdale Farm is being utilized for the grounds.

Mr. Scrat's spent last Sunday in Calgary.

Mr. Stanley Evans, son of Councilor Evans, has given up his position with the bank and has started in business for himself in Calgary.

Mrs. H. Craig met with a bad accident on Saturday last while returning home from town. Mrs. Craig's horse became frightened at the train and became uncontrollable, running over the buggy before Mrs. Craig could free herself from it. Mrs. Craig's collar bone was broken and shoulder dislocated. Another lady was riding with Mrs. Craig but escaped injury.

Winnipeg, October 9.—Canadian Pacific Railway Officials announced today that excursion fares will be reduced by the Company from Manitoba, Saskatchewan and Alberta, to Vancouver, Victoria, and New Westminster on certain dates to be named later during December, January, and February.

Winter Sports Are Making Progress

Hockey And Curling Enthusiasts At Work On Rinks

Strathmore is assured of a better season of winter sports this year than ever before, and the structures being erected are of a permanent nature.

The hockey boys have been putting in hard work for the last month. Their rink is now levelled and enclosed, while a 75 foot building for dressing rooms and spectators has been erected at the west end. A large well is now being dug. Water will be supplied by a rotary pump and 10 h. p. engine, which will also furnish the lights.

The curling rink was ploughed and levelled last week, and a carload of lumber has been ordered which should be on hand in about three weeks. The building will be 160 feet long by 30 feet wide.

Those intending to join the curling club should send in their subscription money soon as the number enrolled will be limited to those for whom playing accommodation is available. About 16 members have already enrolled and paid their fees. The total who can be accommodated will be about 60.

Born to Mr. and Mrs. Geo. Howie, Strathmore, on September 28, a son, Leo Alfred Howie.

Mr. F. T. McInnes, former real estate and former of the district and now resident in Victoria, B. C. is in town looking over his various interests in the district. Mac is looking well, but confesses he does not lead such an active life as the coast as he did here.

Readers will note that Miss Mavis Yorkie intends to open dancing class, both for children and adults, and will be taking applications on Saturday.

Mr. Carl Dewar, insurance agent, moves Mr. Culbertson, the Scottish Trade Commissioner, to Strathmore and Rockyford. Messrs. Dewar and Culbertson were the guests of Mr. and Mrs. Lohm on Thursday evening.

Thomson R. Stewart was a visitor to Strathmore last Saturday, with Mr. and Mrs. J. J. Petrie. Mac is looking well and hearty.

An interesting visitor here this week is Mr. Frank Spill, of Moose, B. C. He is on his annual visit looking over his large interests. He has made a trip here each year since 1903, and Mr. J. H. Blair, with whom he makes his home while in the north-west remarks that every year since 1911 he has brought a box of cigars along with him.

Mr. Roland Hill's Billiard Parlor, etc. have been recently redecorated and renovated. Mr. Hill has lately installed a new Brunswick-Balke table.

Mr. and Mrs. Tom Crawford left on Monday on a three weeks trip to Eastern Canada.

Mr. Ed. Ryckhoff, night watchman at the C. P. R. left on Monday on a month's visit to the East.

Since our record in last week's issue of the commencement of our fourteenth year of publication, several subscribers have phoned us that they are preserving copies of the original issue of October 2nd, 1913.

Alberta Hotel men are organizing a petition for a plebiscite of the people of the province on the sale of beer in hotels, restaurants, and clubs. "Beer or not to beer" will be the question. The present liquor act would be unaffected as far as concerns bars, liquors, and hotel men claim that in stead of their bedrooms being turned into barrooms, they would be able to conduct business decently, and that the amount of drunkenness and brawls would be reduced by the sale of beer.

Mr. Roberts, who for a number of years has been manager of the Bank of Commerce at Rockyford, has resigned from the bank, and is going into business in California. We understand his place at Rockyford is being taken by Mr. J. Black, formerly of Youngstown branch of the bank. Mr. Roberts has been a very valuable citizen to Rockyford, and is exceedingly well liked, and his departure is much regretted.

Mr. Wm. Irvine, M. P. for Calgary, is at present on a visit to his aged father, who still resides in the Shetland Islands, off the north coast of Scotland.

Mrs. Thomas and Mrs. Archie Clements, of High River, are at present visiting with Mr. and Mrs. C. A. Hart.

The new rural telephone lines from Strathmore will be connected up in a few days, and the Cheadle lines will also be added to Strathmore. This will make a total of from 350 to 400 subscribers from Strathmore exchanging with Calgary.

We are in process of publishing a local telephone directory, and this will be issued at an early date. Teachers of the Calgary rural inspection, which includes Strathmore and Glenview, are holding their first annual convention at Hard on Thursday and Friday of this week. Several local teachers are attending.

Another reduction in the price of Post Cars is announced in the advertisement of the local dealer, Mr. W. C. Brown this week.

School Children's Behavior

Strathmore, Oct. 2nd, 1922

Editor Strathmore Standard:

Sir:—The day after the School Fair I was passing along the road with a boy, who might well pass as a type of the young fellows attending our schools (and about eleven years of age. "Ah!" says he, "The man waiting a long time to see me, eh?"

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

"He's the man with brains, believe me, and he knows all about the war too, for he went through it and is going to get a good education."

CRAIGANTLER NEWS

Threshing was held up for a few days owing to the rain. Had it kept off threshing would have been finished at the end of last week.

It seems that all the cattle that were pastured east of Huszar, under the care of J. Pettit, have to be dipped again. It is unfortunate the season being so late.

H. B. Grant has been on the sick list lately.

Miss Chase, the teacher, has taken up residence with Mr. and Mrs. Dankworth for the winter. Mr. Dankworth is only half a mile from the school. The community will be glad to know that the road running north and south past F. Wagner's place is opened.

Membership of the newly-formed Strathmore Board of Trade is open to all interested in the welfare of the district, farmers as well as business men. The Board has got away to a very aggressive start, and if the interest is maintained it can do a great deal to advance the interests of the district as a whole, as also that of the individual, whether farmer or business man.

There is a nice bridge across and the trail south is to be graded this week.

The Jubilee School house will be finished on October 15th, and it is expected to be opened about the 17th. This will relieve the Craiganter School a great deal. We are to have three schools in this district, one in town, 24, one in town, 22 and one in town, 23.

The new rural telephone lines from Strathmore will be connected up in a few days, and the Cheadle lines will also be added to Strathmore. This will make a total of from 350 to 400 subscribers from Strathmore exchanging with Calgary.

We are in process of publishing a local telephone directory, and this will be issued at an early date. Teachers of the Calgary rural inspection, which includes Strathmore and Glenview, are holding their first annual convention at Hard on Thursday and Friday of this week. Several local teachers are attending.

Another reduction in the price of Post Cars is announced in the advertisement of the local dealer, Mr. W. C. Brown this week.

U.S. Tariff & Livestock

Special From United Grain Growers Ltd., Livestock Department.

A good many farmers and stock raisers at the present time, who have not sold their surplus stock, are wondering what effect the new United States tariff regulation will have on the livestock trade. With the duty being increased approximately from 25 to 75 cents per hundred pounds, (the old tariff was based on a straight duty of 25 per cent, whereas the new tariff calls for one and a half cents per pound on cattle up to 1050 pounds and two cents per pound on those over that weight.) we would naturally assume that with American markets practically settling the price on our stocker cattle that they would depreciate at least the value of the extra duty. After considerable thought and investigation, we do not believe we are justified in taking too pessimistic a view of the situation. The material improvement in the feed situation in various parts of the province during the past month requires from Ontario for stocker cattle and a possible strengthening of prices across the line, leads us to think that very

little change in prices will be noticeable. Eastern packers are buying heavily on Western markets, showing that supplies in their own districts are somewhat limited. Considerable thought is also being given to the possibility of stocker cattle being shipped to the Old Country, and while transit expenses at the present time look prohibitive, any prospect of lower rates would be immediately reflected here. Summarizing the situation we would strongly advise livestock raisers to tally post themselves on market conditions, as thousands of dollars have been lost to the raisers during the past few months for lack of this knowledge.

Christmas in the Old Country

Special Arrangements

A visit to the Old Country is something that a great number of people are giving thought to at this season of the year, and many have already made plans to reach their treasured home for the Christmas and New Year Season.

Canadian Pacific Steamships are desirably popular for this trip and to give extra special accommodation for those who are going overseas this season, the Canadian Pacific Railway has arranged for a special train to connect with the S. S. "Montcalm", sailing from St. John, Tuesday, December 12th. Through tourist sleepers will be operated from Edmonton at 10:00 p.m., Thursday, December 7, and from Calgary at 1:25 a.m., Friday, December 8th, making connection with this special train leaving Winnipeg 9:20 a.m., December 6th. Special tourist sleepers from Calgary, Edmonton, via regular train will also be operated in connection with the sailings from St. John of the S. S. "Montcalm" on December 12, S. S. "Victorian" December 7th, S. S. "Mollie" December 9th, S. S. "Montana" December 15th. All those tourist sleepers run right to the ship's side. No changes, no inconvenience. They are the same plank to the steamer. 25-190.

YOU GET
THE AMOUNT OF THAT CHEQUE

We have made arrangements with the E. H. Heall Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer our farm machinery together with our own weekly at the one price for each paper.

The CANADIAN POWER FARMER is Western Canada's largest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the practical side of the farm. Every issue is full of helpful hints and suggestions on the operation of all kinds of farm machinery from a reaping-machine to a tractor. Its editorial staff consists of some absolutely familiar with every branch of farming back from the practical and theoretical standpoint. Every month the magazine publishes suggestions on the part of the farmer. Many of these are short and snappy and are real money savers to farmers.

This offer may be withdrawn at any time. Without doubt your intention is to receive our weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to the CANADIAN POWER FARMER for the same price as this weekly alone. This is the best offer yet made.

Mail your cheque or drop into our office the first time you are in town.

The Two Papers for Two Dollars

Advertising Does It

How One Man Advertised Does Lake And Made It Famous. We Have Men Here Who Are Good Advertisers

It is said that Devils Lake is the best advertised city in North Dakota in proportion to population, and it is due largely to one merchant who has a general store. Customers come here from every direction, and the name of "Mann's" is a by-word of the country side as well as "Sears & Roebuck" is around most towns. Devils Lake has a population of only 1500 people and the other merchants are prospering due to the aggressiveness of one man. He probably does five times as much business as all the others do, but he also spends \$25,000 a year in advertising. His newspaper advertising averages better than half a page every week in the paper in both home papers and he uses papers in adjoining towns as well. Mann's competitors have found that they must play the game the same way and they do. It brings in the business and the mail order evil which threatens the existence of many retail merchants is almost unknown there. The town is also exceedingly prosperous.

Municipal District of Bow Valley No. 219

NOTICE OF IMPOUNDMENT
